Dear Brian,

We just wanted to thank you for all your support but more importantly the website you built for us has been fantastic and has gone down a treat with our customers as it's so easy to use and to find your way around. I know we ask for a lot sometimes but in the property business we have to keep moving with new ideas to stay ahead of the competition and you have come up trumps each time we have asked something of you. No job seems to be too small or too big for you guys!

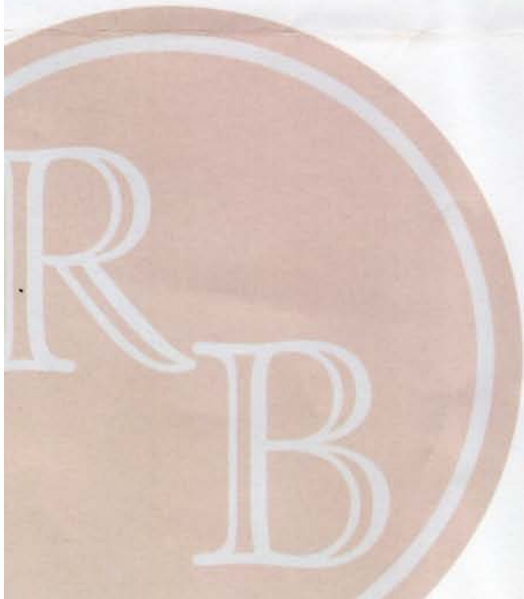

We will definitely move forward on the international market as well as the Property Maintenance side soon so your ideas would be appreciated.

Thanks again and we look forward to working with you again.

Yours Sincerely,

Adam Bashier  
Proprietor
