Dear Brian

Re: Chancellor & Sons Website

Since you first designed and built our website for us some ten years ago, I would like to thank you for your time in reviewing the site with a view to its third or fourth redesign since the original concept. As we are a traditional firm of Chartered Valuation Surveyors and Estate Agents we prefer to keep the simple clean style of website and each revision has managed to maintain this yet keep the site modern.

With the current changes we have planned, the next review will still maintain this principle and your help with constantly keeping the site under review is greatly appreciated.

Kind regards.

Yours sincerely
CHANCELLOR & SONS

G. W. Hignell. BSc. FRICS.
