

# ENDURANCE PROPERTIES LTD

Endurance Properties can't say enough about the fantastic work DesignDock has done when creating our website.

Our brief was taken onboard and we were given an appealing site that we can update as and when required.

Their dedication to helping our company constanly improve our net presence has been primarily the reason for using their services for the past four years.

I highly recommend them to any company who wish to develop a website.

A handwritten signature in black ink, appearing to read 'Jason Cohen', is written over a large, light-colored rectangular redaction box. A horizontal line extends to the right from the end of the signature.

Jason Cohen  
Managing Director
