Dear Brian,

We Just wanted to drop you a note to say thank you for setting up both our Jordan James and PSP Property websites.

Both sites have turned out far better than we could have imagined and we feel the design of the websites you have created reflect the company exactly as we wanted them to.

I know some of our demands have been quite difficult at times but we would like to say that your patience and continued commitment to getting the sites looking right have been great.

Once again, thank you for all of your help and we will be sure to recommend your company to others.

Yours sincerely, 

Phil Spencer
